## Distinctive Red Wines from the Walla Walla Valley

Greetings! 2002 has been a busy and exciting year for Saviah Cellars. In February, we began construction on our winery, which is located in the heart of vineyard country. Many of you visited us during the summer months at various stages of progression on the building. The project is very near completion and we hope you will all visit us again soon to see the finished winery, now filled with barrels and equipment.

Saviah Cellars also celebrated the release of our first vintage earlier this year. We released our 2000 Red Mountain Syrah in May and our 2000 Une Vallée Columbia Valley Red Wine in June. The case production of each wine was limited in quantity, allowing the winemaker to enhance the varietal style and bring forth the finest expression from each lot.

We are proud to announce that both wines have been well received by you and have received great praise from the wine press, as well. Limited quantities of the Une Vallée are still available...don't miss the opportunity to stock your wine cellar with this outstanding wine!

### 2000 Une Vallée Columbia Valley Red Wine

Wine Spectator, 90 Points, October 2002

*"Firm-textured and generous with its cherry and herb aromas and flavors, finishing with crisp texture, lively flavors and firm tannins."*

### 2000 Red Mountain Syrah

Wine Spectator, 91 Points, October 2002

*"Ripe, round and distinctive for its layers of red fruit offering red cherry and raspberry character along with lovely plum and black pepper notes, all of which echo effortlessly with the fine tannins on the finish."*

We are also very pleased with the progress of our 2001 wines, which are showing remarkable character after one year in the cellar. These wines were handcrafted using fruit sourced from distinguished sites including Seven Hills, Pepper Bridge, Spring Valley and Red Mountain. We will offer a Merlot, a Syrah and the second vintage of our proprietary Une Vallée red wine. Look for these wines to be released in May and September of 2003.

Crush 2002 is upon us and we are delighted to be producing this year's vintage in our new winery. Harvest started the second week of September and will continue into mid-October. The recent warm days and cool fall nights are allowing for extra hang time, which will result in a balanced ripeness and higher concentration of flavors for this year's vintage.

Many thanks to those of you who have supported us through your wine purchases and words of encouragement and praise during this past year. We look forward to seeing you soon!
